INFINITI

EMPOWER THE DRIVE

INFINITI

EMPOWER THE DRIVE

We are like you. We push ourselves beyond our comfort zone. While others might be content with making better machines, we are driven to go beyond—to design cars that push human potential. We build technology to enhance your senses, striking design that demands a response and performance that makes you feel more alive. Prepare to experience the road as it was intended.

INFINITI QX70

Empower the drive with an unmistakable icon. The original sport-crossover. A bold design, built upon a sport sedan chassis. It has the bones and muscle of an athlete with the enhanced capability to match. Paddle shifted 7-speed automatic transmission with Downshift Rev Matching. QX70. Make your mark.

Overseas model shown throughout

EXTERIOR DESIGN

DARING IN DESIGN. ICONIC IN STYLE

Disrupt the status quo with bold style that tells the world you dare. With its sports car-inspired silhouette, the INFINITI QX70 leaves an impression that's both instantaneous and unforgettable.

ATHLETIC STANCE Large 21-inch alloy wheels¹ not only complement the muscular proportions of the QX70, they are designed to make handling more responsive. The lightweight construction inherently reduces unsprung weight and helps contribute to quicker turn-ins.

EFFICIENT FORM The sloping roofline smoothes the airflow over the QX70's distinctive shape, resulting in a low 0.35 coefficient of drag. Efficient aerodynamics reduces turbulence for lower fuel consumption and quieter cruising.

IMPRESSION AMPLIFIED Expressing signature INFINITI double-arch design, the grille features a honeycomb-patterned mesh that accentuates its sporty character. The arc of the bottom, like a natural reflection of the top, gives the QX70 a distinctive appearance.

ENGINEERING

POWER UNLEASHED BY INTELLIGENCE

Experience performance that's innately in tune to the conditions, so you'll feel more in command.

235

KW

360

NM

3.7-LITER V6 ENGINE A potent blend of exciting response and intelligent efficiency, the 3.7L petrol engine benefits from exclusive Variable Valve Event and Lift (VVEL®) technology. The engine continually adjusts not just when intake valves open, but also by how much they open.

287

KW

500

NM

5.0-LITER V8 ENGINE Its force, like a rushing torrent, cannot be restrained. Every touch of the throttle puts a massive 287 kW and 500 Nm of torque at your disposal. Engineered with Variable Valve Event and Lift (VVEL®) technology, this V8 delivers thrilling immediacy. Yet, acceleration is only one component. Its power is shaped to feel limitless. Its signature roar – unforgettable.

INTUITIVE TRACTION Intelligent All-Wheel Drive infinitely adjusts for better traction by sending anywhere from zero to 50% of the power to the front wheels when you need it, and 100% to the rear wheels for sporty response when you don't. You get all-wheel drive traction without sacrificing rear-wheel drive feel.

NATURALLY SMOOTH SHIFTING The 7-speed automatic transmission offers a wide selection of gears for versatile performance and enhanced fuel economy. A driver-adaptive learning algorithm familiarises with your driving style and adjusts shifting for responsiveness or efficiency to suit you.

PERFORMANCE

INTENSIFY THE FEELING OF PERFORMANCE

Engineering that amplifies your connection to the sound, acceleration, and motion of the QX70.

A CONTINUOUS RUSH By precisely tuning the engine to unleash torque over a broader rev range, the force you feel seems to increase the faster you go. So Acceleration Swell feels more like a limitless rush than a momentary thrill.

EFFORTLESS TURNS Vehicle-speed-sensitive power steering gives you more power-assist at lower speeds and less at higher speeds, for greater connection when you want it, and ease when you need it.

SIGNATURE EXHAUST NOTE The unmistakable tone of the specially tuned exhaust shapes sound to create a heightened acceleration experience. The signature low growl accentuates every trip through the gears.

SHARP SHIFTING Magnesium paddle shifters give you fingertip control over gear selection. When choosing a lower gear, Downshift Rev Matching blips the throttle like a performance driver to ready the engine for smoother, quicker shifts.

QUICKER STOPS Aluminium opposed-piston brake calipers provide stopping force from both sides of the rotor at the same time for better bite, more friction and enhanced control.

HANDLING

SMOOTH IN EVERY TURN

Feel precision that follows you into every corner and response that propels you through them.

GIVING YOU THE RIGHT RIDE Tight corners. Rough roads. Continuous Damping Control¹ helps maintain the perfect balance of smoothness and response, allowing you to get the most out of every kilometer of road you encounter. The system monitors body roll and road impacts and sends the information to each individual shock absorber and adjusts them to help find the perfect stiffness.

TIGHTER TURNS From turn to turn, take advantage of the agility of the QX70. Rear Active Steer^{®1} sharpens handling and increases precision by actively turning the rear wheels. By tightening response in every corner and curve, it helps maneuverability at low speeds or enhances handling at high speeds.

INHERENTLY RESPONSIVE BALANCE The Front-Midship Platform of the QX70 places the engine's centre of mass just behind the front wheel centerline. A sports car-inspired approach for near-equal front-to-rear weight ratio and inherent balance you feel with every turn.

INFINITI

INTERIOR DESIGN

METICULOUS IN EVERY DETAIL

Everything you see and touch is finely crafted from luxurious materials and designed to focus on the individual seated inside the cabin.

OPTICAL PERFECTION Where the dashboard meets the door or centre console, the interior components are assembled not to be perfect to a measurement, but to look perfect to your eye. This requires an exacting manufacturing process that tightens the space in order to achieve a seamless design from the driver's point of view.

PLEASING TO THE EYE The soothing glow of the Fine Vision electroluminescent gauges is designed to not only be brighter, but the contrast delivers information clearly, even at a glance.

CONSISTENT SWITCH FEEL Touch a button. Then touch the one next to it. Notice that every button and switch is crafted with the same level of precision, so you sense a consistent INFINITI feel on your fingertip. With this attention paid to a switch, imagine how the remaining surfaces feel.

CONNECTIVITY

IN SYNC WITH EVERY MOVEMENT AND EVERY NOTE

Technology connects you to greater experiences exponentially. Bringing the people around you closer and making the world around you clearer.

SEE EVERY SIDE Gain a new perspective on what's around you. With the Around View® Monitor with Moving Object Detection and Front and Rear Sonar System, it's easier to see and maneuver in even the tightest spaces.^{1,2,3} Four cameras and one virtual 360° view from above elevate your parking expertise, alerting you when a stationary or moving object is detected behind you or close by.

11 SPEAKER ||| BOSE® AUDIO

EMPOWER YOUR TOUCH The INFINITI Controller puts simple, intuitive control of your technology systems at your fingertips. It allows you to interact via the inputs most intuitive to you—turning ring, touch-screen, input buttons, and even steering wheel controls—responding to you rather than you adjusting to it.

HIGH-QUALITY SOUND With 11 speakers, including two subwoofers, the Bose® Premium Audio System delivers your music with captivating depth and astonishing clarity.

TRAFFIC TECHNOLOGY

GUIDANCE AND ASSISTANCE ON EVERY DRIVE

Whether traffic is clear or chaotic, intelligent technologies help guide you through every moment.

MANAGE YOUR PACE

Set your desired speed and distance and Intelligent Cruise Control (Full-Speed Range)^{1,6} can automatically adjust your speed in slowing traffic. When traffic speeds resume, Intelligent Cruise Control can bring you back up to your preset speed and distance.

MAINTAIN YOUR LANE

The Lane Departure Warning and Lane Departure Prevention Systems^{1,8} monitor lane markings and can warn you if you start to drift. If the drift continues, the system can help ease your vehicle back towards the centre of your lane by applying the brakes on the opposite side of the vehicle.

KNOW YOUR WAY

Find your way through busy streets and unfamiliar territory. INFINITI Navigation⁷ lets you choose a view that's most intuitive to you—a 2D overhead view or a 3D Birdview perspective. Lane Guidance will also help escort you exactly where you need to be for exits and interchanges.

YOUR ARRIVAL AND YOUR ACTIONS ANTICIPATED

You live by your instincts and the QX70 will feel like an extension of yourself. Smart systems are looking ahead, acting to assist and customising your comfort, leaving you free to focus on the drive.

PERSONALISED ACCESS Recognising you upon your approach, the INFINITI Intelligent Key lets you unlock the doors or rear liftgate. And as you enter, it slides your seat back for you and adjusts your steering wheel and outside mirrors automatically to your preferences.

INVITING YOU IN For added convenience and safety, Welcome Lighting responds to your presence automatically with a sequence of exterior then interior lights. The puddle lights illuminate the ground below, then the interior lights glow to help you settle in. The choreographed sequence ends with the Start/Stop button pulsing, waiting for you to bring it to life.

SIMPLIFYING ENTRY When you arrive with luggage, automatically open the power rear liftgate with the push of a button from the location most convenient to you—the liftgate handle, lower dash or Intelligent Key. Closing the liftgate is just as simple.

INTUITIVE FRONT LIGHTING Illuminate where you truly want to be. The Adaptive Front lighting System (AFS) improves visibility at intersections and around curves by sensing your steering and turning the headlights. Together with xenon HID headlights, AFS helps you see not just ahead, but around as well.

ACCOMMODATE WITH EASE Provide for every moment. Supply suitable space for whatever you or your party has brought. Enjoy easy loading with flexible 60/40-split second-row seats that fold virtually flat for maximum convenience.

RECIRCULATE. REFRESH. RELAX. Just as you don't think about breathing, the Advanced Climate Control System⁹ adjusts without you asking. Constantly monitoring the incoming air, it senses outside fumes and automatically closes the vents, recirculating purified air throughout the interior. The system actively cleans the air, helping remove up to 99.5% of allergens.

MORE COMFORTABLE QUICKLY Here, every aspect of your entrance is as hospitable as possible. Climate-controlled, leather-accented front seats actively circulate cool or warm air through small perforations so you can reach your comfort zone faster than you imagined.

SAFETY

INNOVATIVE TECHNOLOGY HELPS YOU SEE AND AVOID

Empowering technologies are on alert, ready to help you respond and acting to help protect.

REDUCE HARM Intelligent Brake Assist^{1,10} uses sensors to monitor the closing speed to the vehicle ahead and if a collision is unavoidable, it can automatically engage the brakes to help reduce impact speed.

BETTER STABILITY WHILE STOPPING Electronic Brake force Distribution adjusts the amount of pressure applied to the front and rear wheels to improve braking performance and reduce front-end dive.

RECOGNISING DANGER Forward Collision Warning^{1,11} looks ahead and if your distance to the vehicle in front is too close, it will warn you visually and audibly.

STRONGER AND LIGHTER Ultra high-strength steel is twice as strong as conventional steel and is built around you to enhance your safety in case of a collision.

SMART HEAD SUPPORT In certain rear-end collisions, the Front-seat Active Head Restraints can move forward to help cushion the head.

ENHANCED PROTECTION The QX70 includes front supplemental air bags, front seat-mounted side-impact supplemental air bags and roof-mounted curtain side-impact supplemental air bags with rollover sensor.¹²

The vehicle images used in this brochure are for illustration purposes only and may be overseas models. While they are closely representative of the models available in the Australian range, minor variations may occur. INFINITI Cars Australia has used its best endeavours to ensure that all images, information and specifications contained in this brochure were correct at the time of printing. The colours shown may vary from actual colours. However, INFINITI Cars Australia reserves its rights, to the full extent permitted by law, at its discretion at any time and without prior notice, to discontinue or change the models, features, specifications, designs and prices of the products referred to in this brochure (including any optional equipment) without incurring liability whatsoever to any purchaser or prospective purchaser of any such products. Some items in this brochure are optional at extra cost. Some options may be required in combination with other options. INFINITI has taken care to ensure that the colour swatches presented here are the closest possible representations of actual vehicle colours. Swatches may vary slightly due to the printing process and whether viewed in daylight, fluorescent or incandescent light. Please see the actual colours at your local INFINITI Centre. Always consult your INFINITI Retail Centre for the latest information on models, specifications, features, prices, options and availability. Nissan Motor Co. (Australia) Pty. Ltd. t/a INFINITI Cars Australia ACN 004 663 156.

1 Available on select models. **2** AVM with MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicles speeds below 8 kph. Always check surroundings and turn to look behind you before moving vehicle. **3** The Sonar System is a convenience, not a substitute for proper parking and/or backing procedures. Always check that it is safe to do so before moving vehicle. May not detect every object. **4** Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by INFINITI is under license. **5** Driving is serious business and requires your full attention. iPhone and iPod is a registered trademark of Apple Inc. All rights reserved. iPod not included. **6** Intelligent Cruise Control is not a collision avoidance or warning device. Designed to use limited braking. Failure to apply the brakes could result in an accident. **7** Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. **8** The Lane Departure Warning/Lane Departure Prevention Systems operate only when the lane markings are clearly visible on the road. Speed limitations apply. See your Owner's Manual for more details. **9** The Advanced Climate Control System with Plasmacluster air purifier helps scrub the air in the vehicle's interior. The system senses exterior odors, suppresses unpleasant interior odors, stops the inflow of external odors and helps keep the cabin smelling fresh, but does not always eliminate odors. **10** IBA is not a collision avoidance system. It may not provide warning or braking in certain conditions. Never rely solely on IBA. **11** FCW is intended to warn you before a collision occurs; it cannot prevent a collision. Speed and other limitations apply. See Owner's Manual for details. **12** Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. All children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents; see your Owner's Manual for more details. **13** Leather accented features and upholstery may contain synthetic material.

THE FORMULA FOR PARTNERSHIP

The excitement builds. The pressure mounts. Emotions surge. This is how partnership feels when technology, ingenuity and passion fulfil their promise. This is INFINITI's Formula One know-how.

We may be the ones racing, but you are the winner. INFINITI provides engineering resources and knowledge to the Renault Energy F1 power unit's Energy Recovery System. By combining our expertise in performance hybrid technologies with the knowledge and skills of the Renault Sport Formula One racing team, we can translate racing technology and driver exhilaration from the track to the road, delivering you emotionally charged vehicles with forward thinking.
