THE ART OF PERFORMANCE

Every day we push performance to its limit. Our performance. Our cars' performance. We innovate, we engineer, we design. We master rules and then break them. Only to push further. Past the limits of convention. This is when performance becomes art.

Jaguar. The Art of Performance.

INTRODUCTION
THE CONCEPT OF XJ

XJ is Jaguar's pinnacle saloon car, the perfect combination of cutting-edge technology, sporting vehicle dynamics, and opulent luxury. In the cabin, there's space to stretch out, relax or work using our latest connected technology, Touch Pro. With Touch Pro's new 10.2" Touchscreen and the availability of 4G Wi-Fi Internet, XJ has everything you need to make your journey more productive, entertaining and relaxed.

Always working with you to help keep all occupants safe, is an enhanced suite of Advanced Driver Assist Systems including Lane Keep Assist and Adaptive Cruise Control with Queue Assist. While energy-efficient full-LED headlights, standard on every XJ, produce piercing beams of light with a quality close to daylight for safer driving.

Now, the most powerful XJ ever joins the range – XJR575. Its assertive presence only hints at the power within: 575PS and 700Nm of torque can take this luxury saloon to a top speed of 300km/h (186mph). XJR575 is XJ at its most dynamic and intense.

In car features should be used by drivers only when safe to do so. Drivers must retain full control of the vehicle at all times. Standard and optional features may differ depending on market availability. Please consult your local Jaguar Retailer for details.

BUILD YOUR OWN

XJ - THE FACTS

Jaguar’s technology is focused on enhancing the journey for you and your passengers. Dynamic systems assist performance, handling and comfort. XJ also features the latest connected technology, powerful engines and an array of luxury interior choices.

CONNECTED CAR*

Connect Pro is a package of applications and technologies that keeps XJ connected to the world. It runs a suite of useful smartphone apps from the new 10.2” Touchscreen. Connect Pro’s services, technologies and applications give you the very best in connectivity and convenience, all supported by a fast 4G Wi-Fi Internet connection through a powerful external antenna. With Remote Premium you can connect to, and monitor, your XJ from anywhere and even pre-heat or cool the cabin before entering.

TOUCH PRO

Putting all the essential in-car controls and a world of entertainment at your fingertips is XJ’s next-generation Touch Pro infotainment system. It features Bluetooth® connectivity and a larger 10.2” tablet-style Touchscreen with intuitive swipe and pinch-to-zoom navigation.

COLOURS AND MATERIALS

XJ provides true luxury choice throughout. A wealth of colours and wheels are at your disposal, including two exterior colours exclusive to XJR575 – Satin Corris Grey and Velocity Blue. Choose a Portfolio or XJR575 model and you will discover beautiful soft grain leather seats defined in a Diamond quilted contrast stitched pattern. Exclusive colour co-ordination continues throughout the cabin.

PERFORMANCE AND EFFICIENCY

The XJ range offers a choice of performance engines, delivering everything from strong fuel economy to a top speed of 300km/h (186mph). There is a powerful, refined 3.0 litre 300PS diesel engine offering fuel efficiency of up to 5.7 l/100km and CO₂ emissions from just 149g/km. It delivers 0-100km/h in 6.2 seconds thanks to a torque output of 700Nm. V6 and V8 petrol engines are also available to suit your driving needs. To smooth your progress, all models feature a sophisticated 8-speed automatic transmission.

ALL-ALUMINIUM CONSTRUCTION

XJ’s all-aluminium body architecture is not only strong and rigid but also extremely light making the car highly responsive and agile, as well as fuel efficient. Riveted, and without a single welded joint, the 100 percent aluminium monocoque body structure makes this one of the lightest cars in its class and, without any compromise to the integrity of its body, one of the safest.

'DOUBLE J' HEADLIGHTS

Jaguar’s unique 'Double J' Daytime Running Lights give XJ a distinctive appearance. The full LED headlights supply a 'whiter' light than conventional Xenon beams. Being closer to daylight, objects can be better recognised, helping increase comfort and safety during night driving.

As we roll out InControl, specific features described may be optional, and market or powertrain dependent. Please consult your country-specific Jaguar website or local Jaguar Retailer for availability and full terms in your country. Certain features require a Micro SIM with a suitable data contract which will require further subscription after the initial term advised by your Retailer. Mobile connectivity cannot be guaranteed in all locations.
*Optional feature.
VEHICLE SHOWN: XJR575 STANDARD WHEELBASE IN SATIN CORRIS GREY WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

DESIGN
EXTERIOR PRINCIPLES

➤ DESIGN PURITY | POWERFUL STANCE

XJ stands out: authoritative, elegant, and powerful. XJ's teardrop shape is formed for optimum aerodynamic efficiency, reducing air resistance to a minimum, improving acceleration, fuel efficiency and CO₂ emissions. The shape is the result of exhaustive computational modelling where aesthetics and aerodynamics work together. The chrome outlined side windows emphasise XJ's pure, elongated form. XJ's low, wide stance and long, taut waistline create a commanding presence, while inside the cabin still feels airy and spacious thanks to its panoramic roof and smart design.

VEHICLE SHOWN: XJ AUTOBIOGRAPHY LONG WHEELBASE IN LOIRE BLUE WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

EXTERIOR - A POWERFUL LOOK

 **BOLD FRONT GRILLE** | **'DOUBLE J' HEADLIGHTS**

XJ's assertive front styling includes an upright front grille design with mesh detail. The grille is framed by energy efficient full-LED headlights, sporting Jaguar's unique 'Double J' Daytime Running Light design. Producing a light with a colour temperature closer to natural daylight, objects can be better recognised helping increase comfort and safety during night driving.

At the rear, finishing touches include elliptical tailpipes and LED tail lights incorporating a distinctive pinstripe graphic that provides a crisp and clear 'ribbon of light'. The LED tail lights are brighter, more efficient and illuminate faster than halogen bulbs contributing to XJ's overall drive for greater efficiency.

VEHICLE SHOWN: XJ R-SPORT STANDARD WHEELBASE IN SANTORINI BLACK WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

EXTERIOR VIEW

 FULL WIDTH PANORAMIC ROOF

The view from inside XJ is extensive: a panoramic, full width, heat-reflective glass roof sweeps back and over the rear seats. It filters UV rays and floods the interior with natural light making it feel airy, spacious and, thanks to effective tinting, very private. Power operated blinds allow you to completely block the light when required. Specially formulated toughened glass helps to keep the cabin cool.

VEHICLE SHOWN: XJ PORTFOLIO LONG WHEELBASE IN CARPATHIAN GREY WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

INTERIOR TECHNOLOGY

 **CONNECTED INFOTAINMENT*** | **ADVANCED GRAPHICS**

XJ's high-definition Interactive Driver Display puts everything you need to know about your driving right in front of you. The 12.3" screen displays the speed, fuel and temperature gauges and can be set to display the most relevant information, depending on the situation and set up. This multi-layered virtual display combines a user-friendly graphical interface with advanced functionality to make finding the right settings even easier.

The Interactive Driver Display is fully integrated with the 10.2" Touchscreen to put all information behind the wheel or on the centre console. For example, when working with Navigation Pro the Interactive Driver Display can be reconfigured to show 3D mapping, making following your route even simpler.

As we roll out InControl, specific features described may be optional, and market or powertrain dependent. Please consult your country-specific Jaguar website or local Jaguar Retailer for availability and full terms in your country. Certain features require a Micro SIM with a suitable data contract which will require further subscription after the initial term advised by your Retailer. Mobile connectivity cannot be guaranteed in all locations.

*Optional feature.

INTERIOR SHOWN: XJ PORTFOLIO LONG WHEELBASE SHOWING IVORY SOFT GRAIN PERFORATED LEATHER SEATS WITH EBONY CONTRAST STITCH, EBONY UPPER FACIA, EBONY SUEDECLOTH HEADLINING AND GLOSS RICH OAK VENEER WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

INTERIOR LUXURY

CRAFTSMANSHIP | EXTENSIVE CHOICE

The quality of craftsmanship throughout the XJ cabin sets it apart. With a wide choice of colours, materials and finishes, the interior reflects the clarity and purity of XJ's exterior. The hand-crafted veneer that runs right around the cabin accentuates the sense of space. Jaguar's sporting character is present in the controls and architecture surrounding the driver including the leather-wrapped, three-spoke steering wheel that offers key controls at your fingertips.

INTERIOR SHOWN: XJ PORTFOLIO LONG WHEELBASE WITH OPTIONAL PREMIUM REAR SEAT PACK SHOWING IVORY SOFT GRAIN PERFORATED LEATHER SEATS WITH EBONY CONTRAST STITCH, EBONY UPPER FACIA, EBONY SUEDECLOTH HEADLINING AND GLOSS RICH OAK VENEER WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

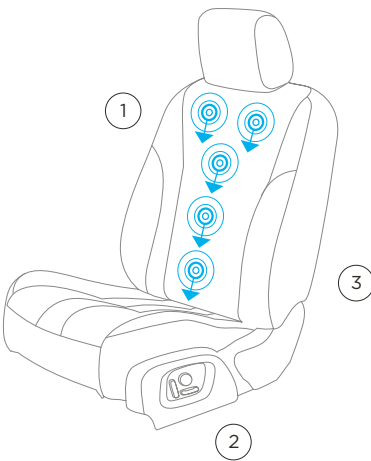

INTERIOR COMFORT

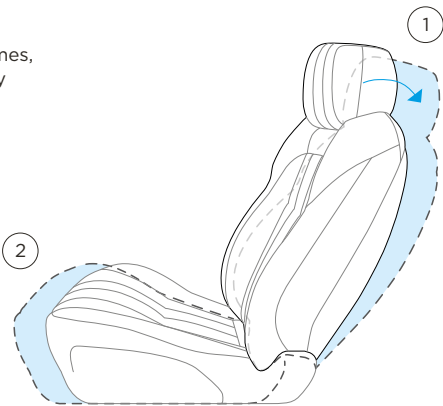

- FRONT PASSENGER SEAT AWAY
- HEATING AND COOLING FUNCTIONS
- FIVE MESSAGE PROGRAMMES

XJ's multi-functional seating gives you complete control of your comfort. Both front seats feature fine-tuned electric adjustment and can be specified with five different massage programmes. Both front and rear seats are heated. All seats feature a cooling function as well (excluding XJ Luxury model). Some XJ models also offer three position user memory on the driver and front passenger seats. Long Wheelbase models can be further enhanced with a choice of Rear Seat Option Packs, featuring two individual airline-style reclining seats complete with three massage programmes and memory. The reclining rear seats can be programmed to return to an upright position when the door is opened and a 'front passenger seat away' function allows rear occupants to move the empty front passenger seat forward to increase legroom and aid access.

FRONT SEATS
Available with five different massage programmes, electric adjustment with three position memory and heated/cooling function.

- 1. Five massage programmes
- 2. Three position memory function
- 3. Cooling function

REAR SEATS
Available on Long Wheelbase models with airline-style recline, three different massage programmes, electric adjustment with two position memory.

- 1. Total recline movement is 11 degrees
- 2. 103mm of longitudinal cushion movement and separate 14.5 degrees of upper articulation movement

Standard and optional features may differ depending on market availability. Please consult your local Jaguar Retailer for details.
INTERIOR SHOWN: XJ PORTFOLIO LONG WHEELBASE WITH OPTIONAL PREMIUM REAR SEAT PACK SHOWING IVORY SOFT GRAIN PERFORATED LEATHER SEATS WITH EBONY CONTRAST STITCH, EBONY UPPER FACIA, EBONY SUEDECLOTH HEADLINING AND GLOSS RICH OAK VENEER WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

1. LWB headroom 960mm 2. LWB knee room 189mm

INTERIOR SPACE

> OVER A METRE OF LEGROOM | LIMOUSINE RIDE

Long Wheelbase (LWB) models feature over a metre of legroom for rear seat passengers providing the perfect environment to work, enjoy a host of entertainment options, or simply stretch out and relax. Long Wheelbase models also feature a unique 'limousine' ride with revised air suspension settings for even more refined comfort.

Depending on the model, or options chosen, the rear cabin can be further enhanced with individual 10.2" HD screens. The centre armrest houses the multimedia remote and front and rear seat controls, as well as providing useful storage. Folding business tables, LED reading lights, drop-in footrests and electric side rear window blinds are also available to add comfort, convenience and privacy.

Standard and optional features may differ depending on market availability. Please consult your local Jaguar Retailer for details.
INTERIOR SHOWN: XJ PORTFOLIO LONG WHEELBASE WITH OPTIONAL PREMIUM REAR SEAT PACK SHOWING IVORY SOFT GRAIN PERFORATED LEATHER SEATS WITH EBONY CONTRAST STITCH, EBONY UPPER FACIA, EBONY SUEDECLOTH HEADLINING AND GLOSS RICH OAK VENEER WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

PERFORMANCE
ENGINES

➤ STOP/START[†] TECHNOLOGY | EFFICIENT DIESEL ENGINE

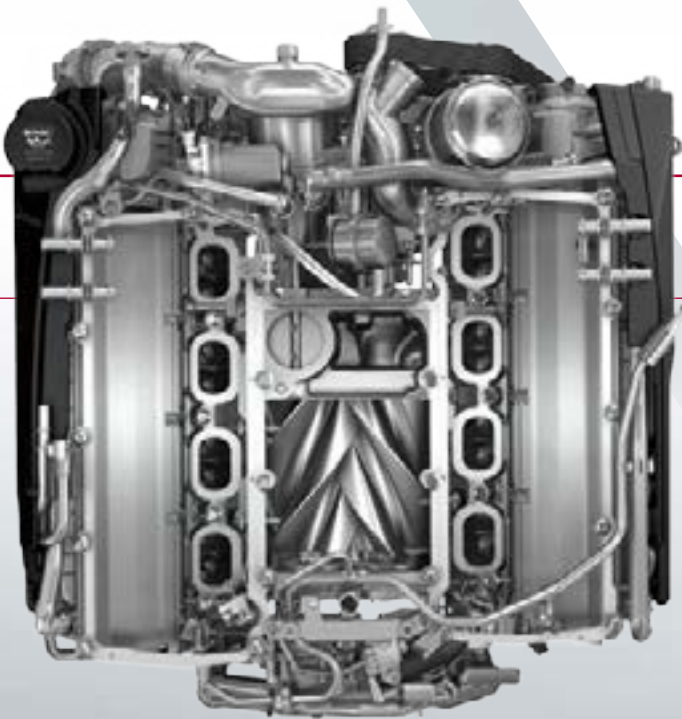

XJ offers a choice of a V6 Turbocharged diesel engine or four petrol engines. All petrol engines are supercharged and range from the 340PS 3.0 litre V6 Supercharged to the 510PS 5.0 litre V8 Supercharged and the powerful 575PS 5.0 litre V8 Supercharged. All engines feature Intelligent Stop/Start[†] to further improve XJ's fuel efficiency and reduce CO₂ emissions. For information on fuel consumption, CO₂ emissions and performance figures for XJ engines, please refer to pages 78 to 79.

DIESEL ENGINE FROM
149g/km CO₂

The 300PS 3.0 litre V6 Turbocharged Diesel engine offers exceptional refinement and efficiency, including an impressive torque figure of up to 700Nm for improved performance and excellent drivability. Its high pressure common rail fuel system delivers efficient combustion and fewer emissions. The engine uses innovative twin parallel sequential turbocharging – a concept pioneered by Jaguar Land Rover – for smooth, more immediate delivery of power at all engines speeds. It is capable of 0-100km/h in 6.2 seconds with CO₂ emissions of just 149-155g/km* CO₂ (5.7-5.9 l/100km**) on the European Combined Cycle.

The engine uses an 8-speed automatic transmission and also includes Stop/Start[†] technology.

PETROL ENGINES UP TO
0-100km/h in 4.4 sec

A choice of four petrol engines means that you can select the ideal engine to suit your driving style. The 340PS 3.0 litre V6 Supercharged Petrol engine includes a Roots-type supercharger, which is mounted in the 'V' between the two rows of cylinders for compact dimensions. Supercharging provides linear delivery of power and maximises responsiveness. This results in performance matching much larger engines, while optimising economy and reducing emissions. The 470PS, 510PS and 575PS 5.0 litre V8 Supercharged engines are engineered for smoothness, power and incredible performance.

Engine availability is market dependent. Please consult your local Jaguar Retailer for details.
*149 refers to 19" wheels and 155 refers to 20" wheels. **5.7 refers to 19" wheels and 5.9 refers to 20" wheels. [†]Market dependent.

ALL-ALUMINIUM BODY

 **AGILITY ENHANCED** | **ECONOMY IMPROVED** | **100% ALUMINIUM**

XJ’s all-aluminium body, the core of its dynamic performance, creates a stiffer, stronger and, most importantly, lighter architecture. Developed using aerospace bonding and riveting techniques, XJ’s 100 percent aluminium monocoque body structure does not have a single welded joint. With up to 50 percent of XJ’s aluminium coming from recycled sources, XJ leads the way in sustainability.

One of the lightest cars in its class, XJ’s excellent power-to-weight ratio improves all aspects of performance with no compromise to its strength. Acceleration is improved, and because the engine has to work less hard, it lowers fuel consumption and emissions. Its aluminium construction also enhances ride comfort, handling, agility and feel, connecting the driver seamlessly to the car and the road.

The inherent strength of aluminium and the monocoque construction offer safety benefits too. The lower weight improves braking performance and reduces the kinetic energy involved in any impact. Aluminium absorbs significantly more energy than steel when it is deformed and, because there are fewer joints, XJ’s strength is increased further still.

ADVANCED DRIVING DYNAMICS

 AIR SUSPENSION SYSTEM | ADAPTIVE DYNAMICS

XJ delivers the comfort and refinement of a luxury car with the responsiveness and driver involvement of a sports car. Whether you're cornering, navigating uneven surfaces or accelerating, XJ's Adaptive Dynamics system continually monitors the car up to 500 times a second. Working in conjunction with the air suspension it constantly varies the damping to suit the conditions. These intelligent adjustments keep XJ flat and stable, improving control without loss of ride comfort. In unexpected road and weather conditions, Dynamic Stability Control (DSC) reacts as soon as the system detects the wheels slipping. Trac DSC provides a sportier drive and assists when using snow chains by allowing some slippage or overspin before the system engages. XJ also features selectable driving modes for specific performance requirements. In addition to 'Drive' and 'Sport', Dynamic Mode gives more responsive acceleration; Winter Mode delivers more progressive control in slippery conditions.

XJR575 - THE MOST POWERFUL AND AGILE XJ

 5.0 LITRE SUPERCHARGED V8 | ELECTRONIC ACTIVE DIFFERENTIAL

XJR575's breathtaking power and razor-sharp responsiveness help deliver new levels of dynamic ability in a luxury saloon car. It is the epitome of technology, performance and seductive design – everything Jaguar stands for in the 21st century. This flagship Jaguar matches supercar performance with a stealthy, purposeful appearance. The 5.0 litre Supercharged V8 engine at its heart generates a formidable 575PS and 700Nm torque, powering XJR575 to a top speed of 300km/h.

Capable of accelerating from 0-100km/h in just 4.4 seconds, XJR575's driving dynamics are assisted by an innovative Electronic Active Differential. This technology enables fine control of power delivery, maximising traction and limiting the occurrence of wheelspin. Working in conjunction with the Dynamic Stability Control and ABS systems, the Electronic Active Differential uses an electric motor, acting on a multi-plate clutch to manage the delivery of torque to the rear wheels. Full electronic control of the rear differential lock enables the system to apply full locking torque almost instantaneously, allowing the driver to exploit the thrilling performance potential of XJR575.

Subtle exterior design cues optimise the flow of air over and around the car, and signify the sporting intent of this most focused, agile and responsive member of the XJ family. The XJR575 is given even more visual muscularity by a revised rear spoiler, side sills, front bumper, splitter and lower air intakes featuring Gloss Black surrounds.

Unique exterior styling includes XJR575 badging and twin bonnet louvres, as well as Red painted brake calipers and 20" 5 spoke 'Style 5044' Forged alloy wheels finished in Gloss Black. Also available as a visual enhancement are Satin Corris Grey and Velocity Blue high quality Special Vehicle Operations Premium Palette paint finishes.

VEHICLE SHOWN LEFT AND PREVIOUS PAGE: XJR575 STANDARD WHEELBASE IN SATIN CORRIS GREY WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

XJR575 - SPORTING STYLE

> SOFT GRAIN LEATHER SPORT SEATS

XJR575 offers an unrivalled combination of sporting style, contemporary luxury and breathtaking performance. Its sports seats feature adjustable bolsters that provide the driver and passenger with lateral support during hard cornering. They are upholstered in soft grain leather offered in two bold colourways, either Ebony with Pimento stitch or Ivory with Ebony stitch. This is complemented with a Carbon Fibre veneer or optional Piano Black veneer. The XJR575 logo appears on the treadplates, dashboard Intaglio and is embroidered on the front and rear seats.

INTERIOR SHOWN: XJR575 STANDARD WHEELBASE WITH EBONY SOFT GRAIN LEATHER SPORTS SEATS WITH PIMENTO CONTRAST STITCH, EBONY UPPER FACIA, EBONY SUEDECLOTH HEADLINING, CARBON FIBRE VENEER AND EBONY PREMIUM CARPET MATS WITH PIMENTO CONTRAST BINDING WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

DRIVING TECHNOLOGY

ADDED DRIVER CONFIDENCE

 ALL SURFACE PROGRESS CONTROL

Standard on every XJ, Jaguar's All Surface Progress Control (ASPC) technology is a low speed cruise control that helps the car to cope with low traction situations. ASPC allows the driver to concentrate on steering the vehicle. Once activated, you use the cruise control buttons to set a 'target' speed of between 3.6km/h and 30km/h.

The system then works to achieve and maintain that speed while exerting optimum traction control. ASPC gives XJ drivers added confidence over slippery, loose or icy surfaces, undulating terrain and even while descending a difficult incline. It helps make XJ easy to drive in challenging conditions.

GRAVEL

WET GRASS

SNOW/ICE

WET ROAD

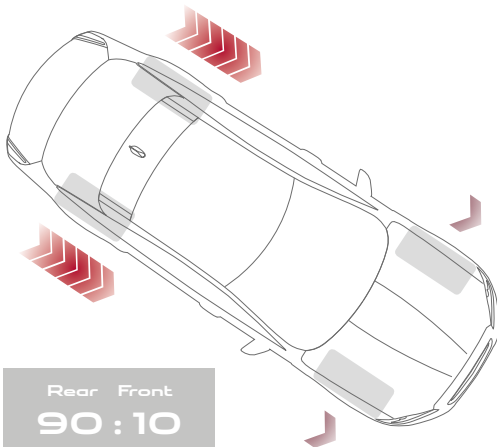

With any given set of tyres, ASPC can accomplish comparable levels of traction to that achievable by an expert driver. Fitting All-season or Winter tyres to XJ can improve capability on slippery surfaces.

ADVANCED DRIVETRAIN TECHNOLOGY

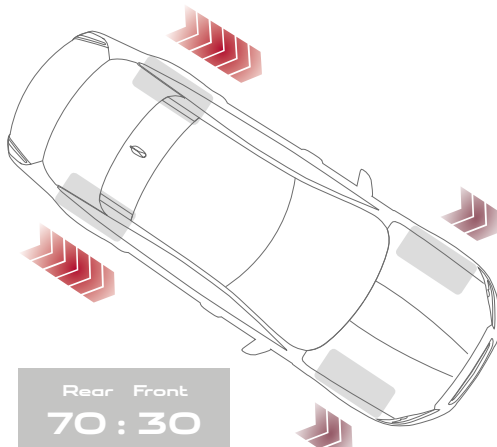

➤ ALL WHEEL DRIVE | OVER 90% TORQUE SPLIT | INTELLIGENT AND ADAPTIVE

The optional Jaguar All Wheel Drive (AWD) system is continuously variable and intelligent. The rear wheel bias ensures a consistently true Jaguar driving experience. In normal conditions an XJ with the AWD system behaves like a rear wheel drive vehicle but reacts intelligently to road conditions to deliver traction on demand. The AWD system reacts in the blink of an eye, so should the rear wheels start to slip, it instantly redistributes torque to compensate. Over 90 percent of engine torque can be distributed from the rear wheels to the front wheels to provide optimum traction. As well as offering a smoother, safer drive with the familiar Jaguar agility and handling, it also consumes less fuel and has lower emissions than a permanent AWD system.

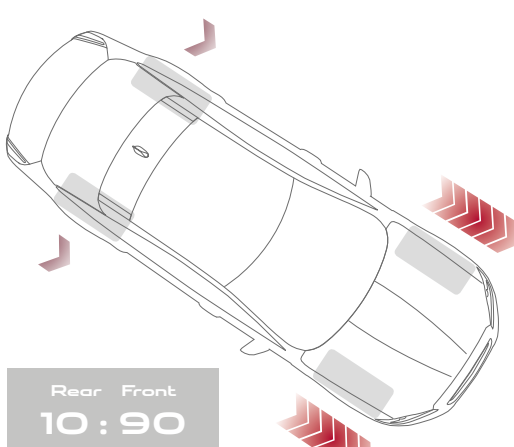

DRY ROAD CONDITIONS

In normal driving conditions, virtually all torque is distributed to the rear wheels providing signature Jaguar rear wheel drive performance.

AWD WINTER MODE

At the touch of a button AWD Winter Mode can be selected to distribute 30 percent of the torque to the front wheels and 70 percent of the torque to the rear wheels maximising control in difficult conditions.

VARIABLE ROAD CONDITIONS

Where road conditions are changeable, over 90 percent of torque can be distributed to the front wheels as required to ensure optimum traction.

Standard and optional features may differ depending on market availability. Please consult your local Jaguar Retailer for details.
VEHICLE SHOWN: XJ AUTOBIOGRAPHY LONG WHEELBASE IN LOIRE BLUE WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

INCONTROL TECHNOLOGIES
INFOTAINMENT AND CONNECTIVITY

 TOUCH PRO |  CONNECT PRO

InControl is our suite of advanced technologies that links both you and your XJ to the wider world. XJ features the Touch Pro infotainment system, now with the full 10.2” Touchscreen. This can be further enhanced by adding its connectivity package: Connect Pro.

TOUCH PRO

STANDARD

- 10.2” Touchscreen with multi-touch gestures and customisable home screen
- 12.3” Interactive Driver Display with virtual dials and full screen 3D Map View
- Navigation Pro
- FM Radio, Bluetooth® and 2 x USB connections
- CD/DVD Drive

OPTIONAL FEATURES

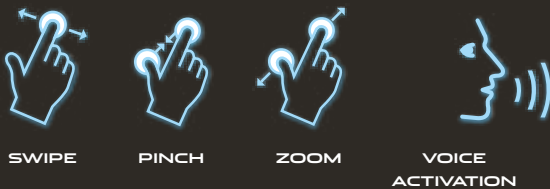

- Connect Pro** consists of InControl Apps, Remote Premium smartphone app, Wi-Fi Hotspot and Pro Services
-  **Secure Tracker** provides Stolen Vehicle Monitoring and notifications via your smartphone and the secure call centre
-  **Protect** consists of SOS Emergency Call, Jaguar Optimised Assistance and Remote Essentials smartphone app

 For information on Connect Pro see page 43.

As we roll out InControl, specific features described may be optional, and market or powertrain dependent. Please consult your country-specific Jaguar website or local Jaguar Retailer for availability and full terms in your country. Certain features require a Micro SIM with a suitable data contract which will require further subscription after the initial term advised by your Jaguar Retailer. Mobile connectivity cannot be guaranteed in all locations.

VEHICLE SHOWN: XJ PORTFOLIO LONG WHEELBASE IN CARPATHIAN GREY WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

TOUCH PRO

➤ NEXT GENERATION INFOTAINMENT

Touch Pro's next-generation hardware and software advances XJ's connectivity and entertainment to the very highest level. The key aspects of Touch Pro are:

Large, highly-responsive, 10.2" Touchscreen at the heart of the centre console with customisable home screens and fast response times.

Pinpoint touch control allows you to manipulate and interact with information swiftly and seamlessly. The Touchscreen responds in the same manner as a smartphone or tablet computer, supporting a range of multi-touch gestures such as pinch, zoom and swipe.

12.3" Interactive Driver Display with virtual dials and full screen 3D Map View makes driving even more of a pleasure. Select full screen 3D Map View or choose one of four graphical themes to suit your personal preference.

Navigation Pro offers response times that are a fraction of conventional systems. Set a destination and the system alerts you if you have insufficient fuel for the journey. It then displays filling stations on the part of the route where you may be low on fuel. The system automatically displays parking options.

Dual View* allows the front passenger and driver to enjoy different media on the same 10.2" Touchscreen. For example, the front passenger can watch a film (listening to the audio with wireless headphones) while the driver views navigation.

CONNECT PRO

➤ ENHANCED CONNECTIVITY PACKAGE

Connect Pro's services, technologies and applications give you the very best in connectivity and convenience. It offers many features including:

InControl Apps features a range of Jaguar approved apps that can be connected to XJ from your smartphone. It ensures convenient use of apps optimised to enhance aspects of your in-car experience.

Remote Premium is an app that allows you to monitor as well as interact with your XJ from your smartphone. Remote start XJ to pre-condition the cabin climate**, lock and unlock the car, locate your XJ on a map or using the beep and flash function, and track your journeys.

Wi-Fi Hotspot gives you the option to create a strong 4G hotspot using the car's antenna when you fit a SIM card. Connect up to eight devices to read emails, browse the web and download content.

Pro Services is a comprehensive suite of connected services that includes:

InControl Route Planner App allows you to pre-plan your route via your Apple or Android smartphone. It guides you to your car, where you will find your selected route available on XJ's Touchscreen. When you've completed your road journey, the app guides you to your destination.

Share your estimated time of arrival so your selected contact(s) will know when you will arrive, as calculated by the navigation guidance system. The system can then send automatic updates via text or email, without any further action from you.

Commute Mode allows the system to learn your commutes and automatically advises you of the expected journey time and quickest routes based on live and historical traffic movements.

Arrival Mode displays interactive 360° street level imagery of your destination for a seamless finish to journeys. It automatically displays again upon your arrival.

Real Time Traffic Information uses live traffic data feeds to give you the most accurate picture of what the traffic is like on the way to your destination.

⚙ Explore InControl at jaguar.com/incontrol

As we roll out InControl, specific features described may be optional, and market or powertrain dependent. Please consult your country-specific Jaguar website or local Jaguar Retailer for availability and full terms in your country. *Optional feature. **Where legislation allows.

AUDIO

-  MERIDIAN™
-  TRIFIELD™
-  CONVERSATION ASSIST

XJ's superb sound systems bring your music to life. Through their use of advanced Audyssey MultEQ sound equalisation technology, all these sound systems deliver accurate and enveloping sound. The Jaguar Sound System provides acoustic range through 12 speakers. Offering an enhanced listening experience are the optional Meridian Sound Systems.

Designed for XJ by Meridian, the British audio experts, three fully Digital systems are available: the Meridian 380W Sound System, the Meridian 825W Surround Sound System and the Meridian Reference 1300W Sound System. All feature advanced technology including Digital Sound Processor (DSP) software to create high fidelity sound throughout the cabin and optimise every element of the system, as well as Meridian Cabin Correction (MCC) to improve the clarity and authentic reproduction of your music.

The Meridian 380W Sound System has 14 speakers, including a dual-coil subwoofer and 2 x 8" front door woofers for a seminal audio experience. The Meridian 825W Surround Sound System uses 20 speakers including the dual-coil subwoofer to produce 7.1 surround sound ensuring a perfect stereo image for each occupant wherever they are seated.

The latest addition to the range is the Meridian Reference 1300W Sound System using 26 speakers. This ultra-premium sound system employs Psychoacoustics to produce sounds that are so true to life they are perceived by the brain as the real thing.

Now you can hold a meeting or have an informal chat without ever having to raise your voice. Conversation Assist, included as standard with the Meridian Reference 1300W Sound System, allows the driver or front seat passenger to talk with ease to passengers in the rear of the car, and vice versa. Microphones above each seat reinforce the occupants' voices via the audio system's speakers, making it much easier for everyone to be heard.

SAFETY AND EFFICIENCY
DRIVER ASSISTANCE

XJ is equipped with an array of standard and optional Advanced Driver Assist Systems dependent on model chosen. All are designed to make driving easier and safer.

360° PARKING AID
360° Parking Aid uses ultrasonic sensors to the front, rear and sides of the vehicle to alert you to the proximity of objects when parking or exiting from a bay.

ADAPTIVE FRONT LIGHTING
Adaptive Front Lighting adapts to steering inputs to cast a deeper beam into corners, while its Intelligent High Beam senses oncoming vehicles and automatically selects high or dipped beam as appropriate.

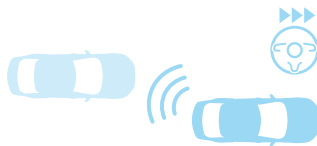

PEDESTRIAN CONTACT SENSING SYSTEM
Help protect the people outside your car as well as those inside. If the car makes contact with a pedestrian, our Pedestrian Contact Sensing System is designed to automatically raise the bonnet to help cushion a potential impact.

TRAFFIC SIGN RECOGNITION AND ADAPTIVE SPEED LIMITER
Traffic Sign Recognition technology can detect current speed limit signs to display them on the Interactive Driver Display. This smart system is also aware of local and conditional speed limits. When activated, our Adaptive Speed Limiter uses Traffic Sign Recognition information to adjust your car's speed accordingly.

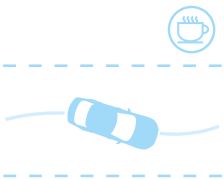

BLIND SPOT MONITOR
Blind Spot Monitor alerts you to vehicles in, or quickly approaching your blind spot. When a vehicle is detected, a small warning light will illuminate in the corresponding wing mirror. If you indicate in the direction of the obstacle, the warning light will flash to highlight potential danger.

BLIND SPOT ASSIST*
Blind Spot Assist can help prevent collisions. If your vehicle detects another car in your blind spot when you begin to change lanes, this system provides precisely calculated steering torque – guiding your car safely away from the approaching vehicle.

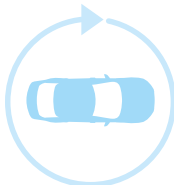

REVERSE TRAFFIC DETECTION
Reverse Traffic Detection is particularly useful when reversing out of a parking bay, the system warns you of vehicles, pedestrians or other hazards, approaching from either side of your vehicle. It will alert you with both audio and visual warnings so you know what's behind you even when the view is obstructed.

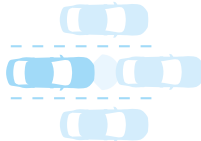

DRIVER CONDITION MONITOR*
Driver Condition Monitor detects if you're starting to feel drowsy or fatigued – giving you an early warning when you need to take a break.

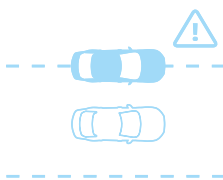

PARK ASSIST*
Park Assist makes life in the city easier. The system works for both parallel and perpendicular parking and automatically steers XJ into and out of a space while the driver operates the pedals.

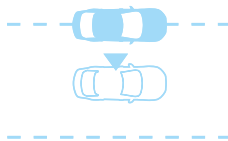

SURROUND CAMERA SYSTEM
Provides a 360° exterior view via the Touchscreen, helping with various manoeuvres from parking by a kerb, to getting in and out of tight spaces and junctions.

ADAPTIVE CRUISE CONTROL WITH QUEUE ASSIST
Adaptive Cruise Control with Queue Assist will keep your vehicle a set distance from the one in front should it slow or stop when you're cruising on the motorway or travelling in slow-moving traffic. Should the vehicle in front stop completely, your vehicle will come to a smooth halt. Once the traffic moves, simply touch the accelerator and Adaptive Cruise Control will resume following the car in front. The system can be activated from 16km/h up to motorway speeds.

LANE DEPARTURE WARNING*
Lane Departure Warning can help make long journeys much safer. It senses when your car is unintentionally drifting out of your lane, and notifies you with a visual alert and a gentle vibration of the steering wheel.

LANE KEEP ASSIST*
Working in conjunction with Lane Departure Warning, Lane Keep Assist senses when your car is unintentionally drifting out of your lane, and gently steers you back.

Standard and optional features may differ depending on market availability. Please consult your local Jaguar Retailer for details.

*Available on Rear Wheel Drive (RWD) models only.

EFFICIENT TECHNOLOGIES

STOP/START TECHNOLOGY | CLEAN TECHNOLOGIES

We are determined to do more with less. That is why XJ uses a range of technologies to reduce fuel consumption and CO₂ emissions, all while staying true to Jaguar’s dynamic nature.

STOP/START TECHNOLOGY

All XJ engines utilise Stop/Start technology. It shuts down the engine when you come to a complete halt and restarts the engine immediately when required, helping to save fuel, especially during urban driving.

ELECTRIC POWER ASSISTED STEERING (EPAS)

XJ’s next generation Electric Power Assisted Steering (EPAS) offers outstanding feedback, control and immediate power assistance. Electrically driven, it’s only active on demand which saves fuel. Only available on rear wheel drive vehicles.

AERODYNAMICS

XJ’s highly efficient shape is the result of hundreds of thousands of hours of Computational Fluid Dynamics testing. Jaguar created one of the world’s most advanced automotive virtual testing labs, honing XJ’s shape through virtual wind tunnels to slice through wind resistance.

ADBLUE

XJ’s diesel engine is fitted with AdBlue to help clean exhaust gases. AdBlue is a non-toxic, non-flammable, biodegradable additive that processes the gases in the car’s exhaust system to remove harmful nitrogen oxide emissions.

ALUMINIUM ARCHITECTURE

XJ’s All-Aluminium architecture makes it one of the lightest vehicles in its class, meaning less fuel is needed to move it and consequently creating lower emissions. With up to 50 percent of the aluminium used coming from recycled sources, XJ’s green credentials are assured.

Standard and optional features may differ depending on market availability. Please consult your local Jaguar Retailer for details.

6 CHOOSE YOUR JAGUAR GEAR

To find out more about the full range of Retailer fit Jaguar Gear accessories, please refer to your Retailer or go to accessories.jaguar.com

Chrome Mirror Cover
C2D5489 - Left
C2D5488 - Right

Chrome mirror covers accentuate the stylish design of the exterior mirrors. Left and right side options available.

Availability is market dependent. Please consult your local Jaguar Retailer for details.
*Not compatible with rear seat entertainment.

Splash Guards
C2D8498 - Front
C2D8499 - Rear

Jaguar branded front splash guards complement the lines of your vehicle, reduce spray and provide protection from dirt and stone chippings.

Headrest Mounted Coat Hanger*
C2Z23416

The Jaguar coat hanger is a headrest mounted solution featuring Jaguar branding and a chromed 'spring fit' construction. Mounting simply and securely this coat hanger is easy to fit and remove and provides a convenient stowage point to keep clothing wrinkle free.

Aluminium Gearshift Paddles
T2R6547MMU

Replacement steering wheel gearshift paddles offered in a premium aluminium material providing a high quality finish to a key contact point in the vehicle. Manufactured from billet machined aluminium, the paddles are hand brushed for a premium finish and anodised to ensure they will not deteriorate with wear.

Illuminated Treadplate

Elegantly styled aluminium sill treadplates illuminate when the driver or passenger doors are opened. Highlighted by soft phosphor blue lighting. Please consult your authorised Jaguar Retailer for ordering information.

iPad Holder*
C2Z22935

Jaguar branded iPad® holder mounts to front seat headrests providing a flexible solution for rear seat entertainment. Quick release design ensures iPad® can be fitted or removed quickly and easily.

Premium Loadspace Mat
C2D7450

Luxurious soft luggage mat in Ebony Black with the Jaguar logo. Deep premium 2,050g/m² pile with nubuck edging and Dove contrast stitch.

SPECIAL VEHICLE OPERATIONS

Special Vehicle Operations (SVO) designs and engineers products that amplify Jaguar and Land Rover core brand values; focusing on luxury, performance and capability.

Our team of specialists is completely focused on enhancing and personalising our relationship with our most discerning and enthusiastic customers – delivering experiences that our customers will love for life.

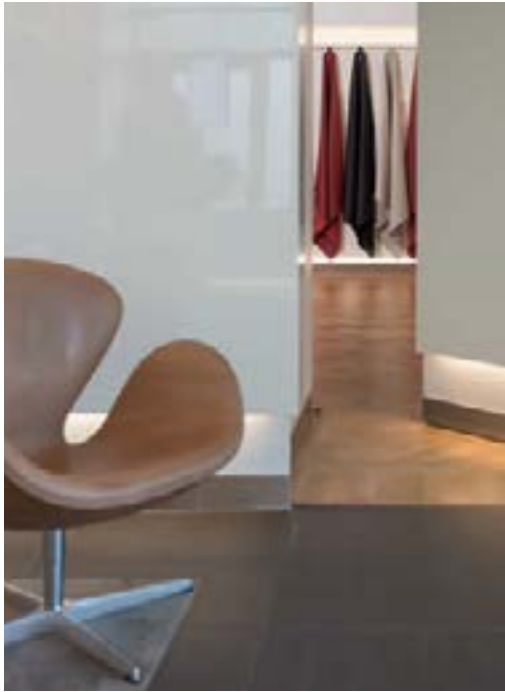

SVO is responsible for the creation of a suite of halo products that showcase the pinnacle of Jaguar design and engineering capabilities, enabling our customers to indulge their passion for spectacular new vehicles.

THE NEW SVO TECHNICAL CENTRE

In the heart of the British Midlands is SVO's brand new Technical Centre. This state-of-the-art facility represents a £20m investment by Jaguar Land Rover, and features four zones designed to support the creation of truly breath-taking vehicles. In addition to the Commissioning and Presentation suites, our manufacturing centre is responsible for the assembly and hand-finishing of SVO halo and Collector's Edition vehicles, and a world-class paint facility ensures an exquisite finish for every car we create.

BESPOKE BY SVO

Bespoke by SVO was born out of an innate understanding of what our most discerning clients value more than anything else – to own something completely unique to them. Something only they can have, reflecting who they are and what they hold most dear. With that in mind, SVO developed innovative Commissioning and Presentation suites enabling creation of the most refined and luxurious vehicles in the world. This special new facility is housed within the new SVO Technical Centre in Warwickshire, England.

THE WORLD OF JAGUAR

Choose XJ and you're joining the exciting World of Jaguar.

ICE DRIVE EXPERIENCES

Take your driving to the next level with the Jaguar Land Rover Ice Drive Experience. From 2017, we are offering an adventure in Arjeplog, Sweden, that will test and develop your performance driving skills in extreme conditions. It's a rare chance for owners and enthusiasts to tackle some of the harshest and most challenging tracks on earth, under the skilled guidance of our experts. Our driving instructors are of the highest-calibre and will be with you every step of the way – ready to impart years of driving wisdom. You will dance on ice, glide around some of the most awe-inspiring corners imaginable and realise the true exhilarating potential of Jaguar and Land Rover.

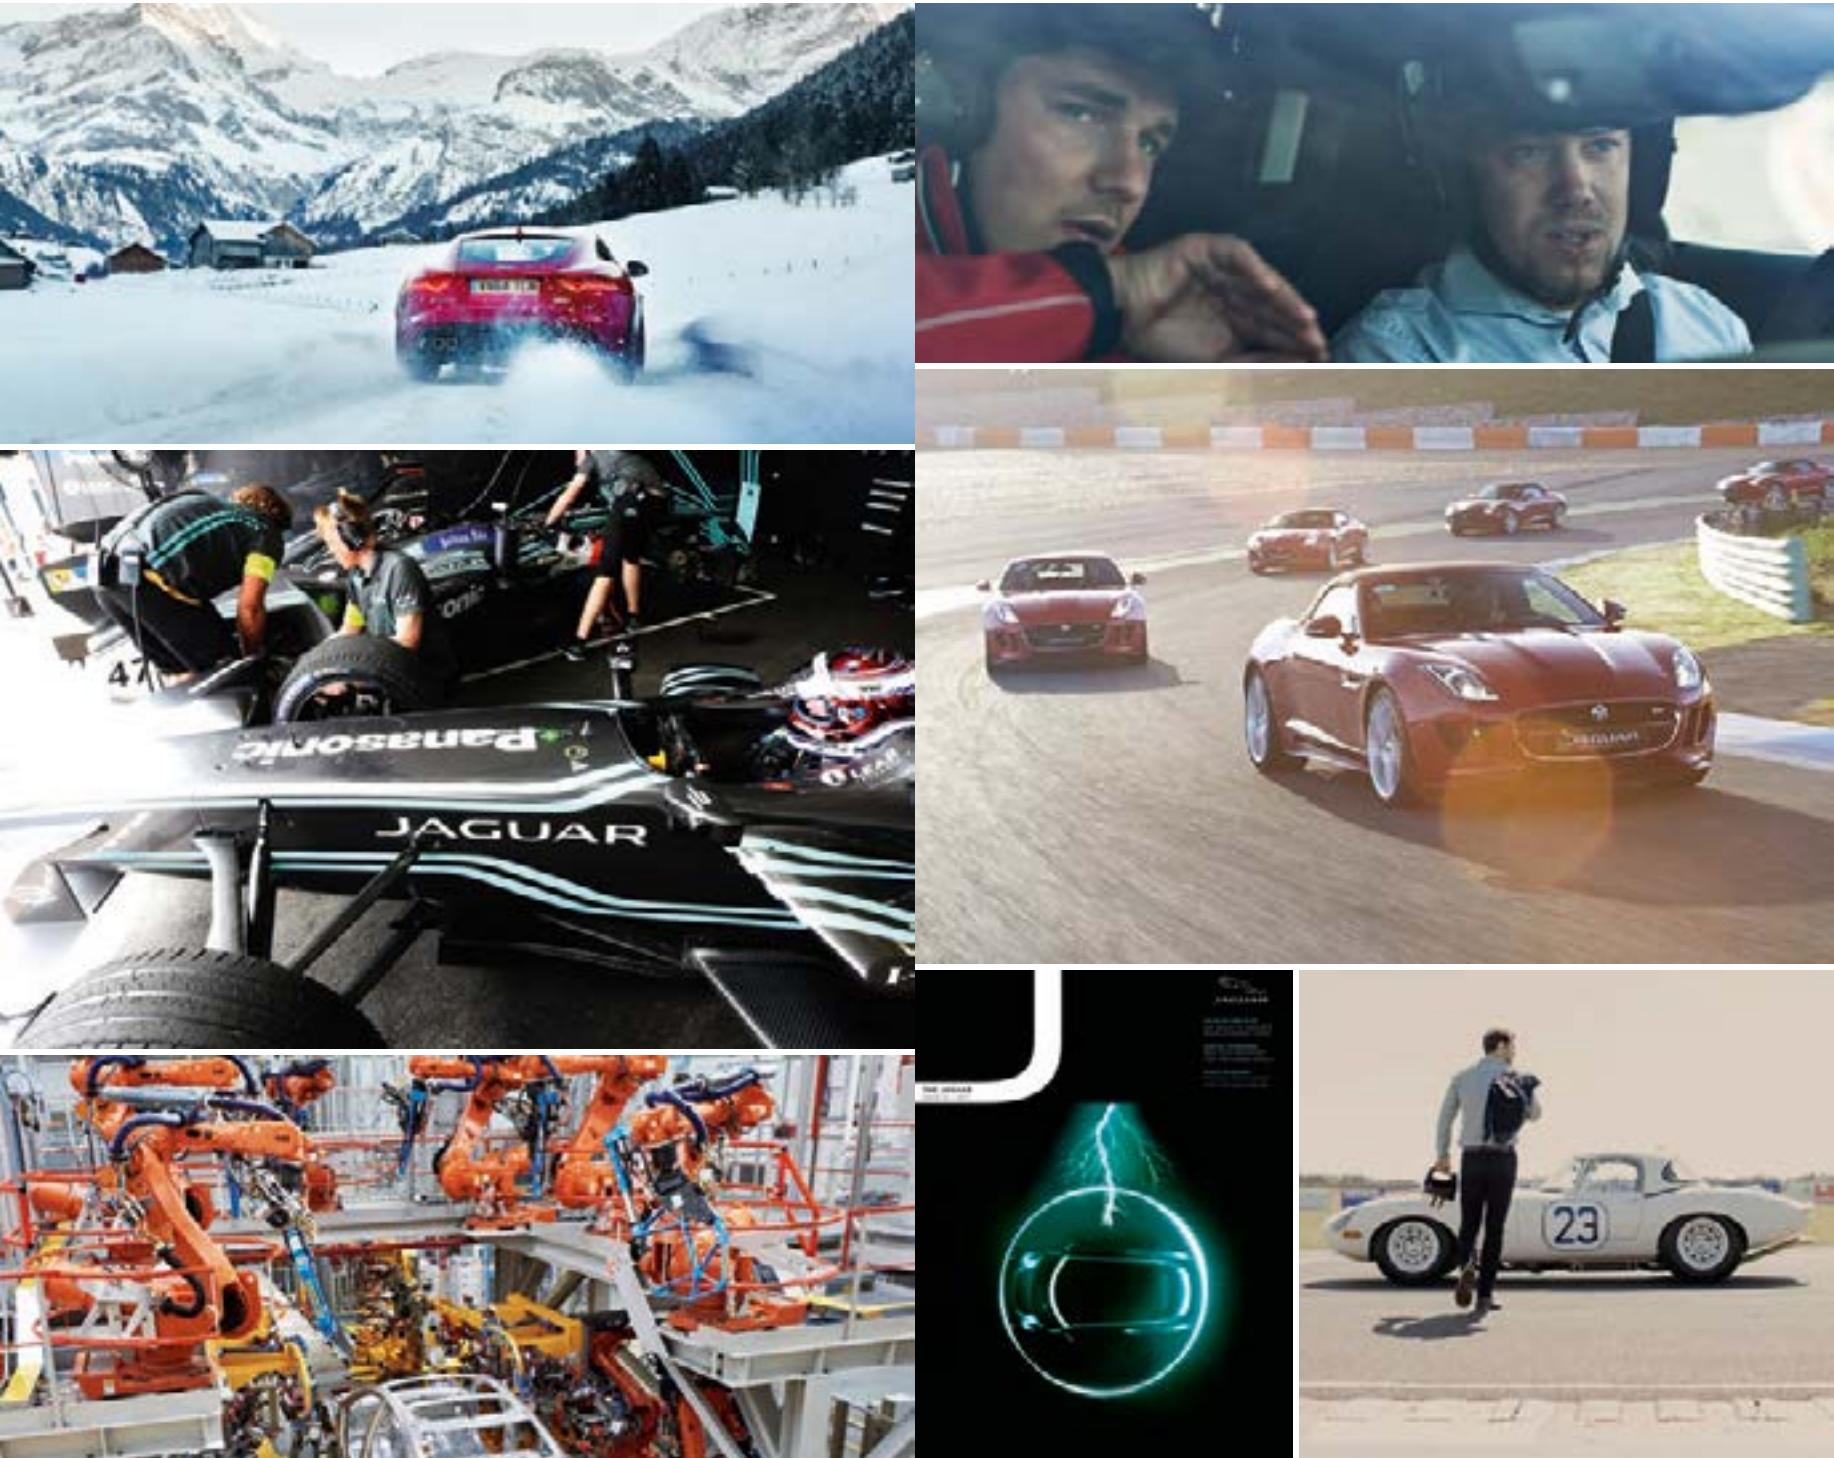

If you'd like to be part of the next adventure, find out more by visiting jaguar.com/experience-jaguar/iconic-experiences

FORMULA E

Jaguar's reputation for performance, technology and design was forged by the world's most challenging circuits and championships. From Le Mans to Formula 1, and now Formula E, the grid is our test-bed. Formula E provides the perfect proving ground for electric vehicle technology in a high performance environment. The racing series accelerates the development of Jaguar's electric powertrains. With every race, Formula E helps Jaguar engineers create better electric vehicles.

BEHIND THE SCENES

Our factory tours give you the unique opportunity to experience the whole process of how our cars are brought to life – from the moulding of sheet metal to those intricate final touches. At our state-of-the-art production facilities, you'll get to see how skilled technicians and sophisticated machines work seamlessly together to perfect some of Jaguar's most breathtaking cars. Find out more at jaguar.com/experience-jaguar/behind-the-scenes

TRACK DAYS

There's no better way to get to know Jaguar than by taking a drive. The Jaguar Experience offers a range of unique opportunities to really find out what it feels like to get the most out of a Jaguar. Our track experiences allow you to push yourself and cars from the incredible Jaguar range to the limit. Find out more by visiting jaguar.com/experience

JAGUAR COLLECTION

The latest range from the Jaguar Collection has been crafted with the same design execution and attention to detail that goes into all of our cars. This is evident in our clothing range, premium leather items and luxury travel goods. To celebrate Jaguar's heritage, we also have a collection that honours past achievements and features race inspired gift items and apparel.

To find out more, visit the online shop at www.jaguar.com/shop

JAGUAR MAGAZINE

This is our own vibrant, cosmopolitan and contemporary magazine. Produced by a team of enthusiastic designers and feature writers, it goes behind the scenes at Jaguar as well as providing insight into the world of luxury, design, style and travel. You can enjoy Jaguar Magazine twice a year completely free of charge for the first three years. Ask your Jaguar Retailer to ensure that you receive your copy.

GLOSSARY

#
3D MAPPING Three dimensional mapping is a selectable view mode in the navigation system. It provides an aerial view of the landscape with three dimensional buildings to greatly enhance user orientation.
7.1 SURROUND SOUND 7.1 Surround Sound is the common name for an eight-channel surround sound system.
A
ABS SYSTEM The Anti-lock Braking System prevents wheel lock up under heavy braking to maintain vehicle control.
AIR SUSPENSION Rear air suspension replaces conventional steel springs with pneumatic air springs to provide maximum ride comfort and control by automatically adjusting spring rates to suit the situation.
AUTO-DIMMING INTERIOR REAR VIEW MIRROR Auto-dimming mirrors automatically reduce reflected glare from following cars' headlights.
D
DIGITAL SOUND PROCESSOR (DSP) Meridian's Digital Signal Processing (DSP) technology analyses a range of variables that may impact audio quality, then processes them using sophisticated algorithms and adapts the system's output accordingly. This enables a level of powerful, authentic performance impossible with a conventional sound system.
F
FOUR-ZONE CLIMATE CONTROL Adds independent automatic temperature control for left and right rear passengers in addition to the front dual-zone.
H
HEAT-REFLECTIVE GLASS This glass reflects infrared light waves and so reduces heat build-up inside the car caused by direct sunlight.
I
INSTRUMENT PANEL DISPLAY The Instrument Panel Display is a 12.3" High Definition TFT (Thin Film Transistor) screen that replaces the traditional instrument cluster. It displays a wide range of key driving information. Four graphical themes and a 3D Map View are available.

J
JAGUAR SMART KEY SYSTEM - KEYLESS START When the Smart Key is present in the car, simply push the Start button to start the engine.
JAGUARDRIVE CONTROL Interacts with the Dynamic Stability Control system, engine and transmission management systems to alter the characteristics of the engine mapping, gearshifts and brakes. It offers different modes designed to optimise the vehicle's response to particular driving conditions and styles.
JAGUARDRIVE SELECTOR The JaguarDrive Selector rises from the centre console on start up. It is a rotary shifter used with automatic transmissions that allows you to quickly shift between drive modes.
L
LIMOUSINE RIDE SUSPENSION For Long Wheelbase versions of XJ, the rear air suspension has been specially recalibrated to optimise comfort, providing limousine like ride quality.
P
PSYCHOACOUSTICS Psychoacoustics is the study of the psychological and physiological responses associated with listening to sound.
S
SOLAR ATTENUATING GLASS This glass filters sunlight to reduce glare and prevent harmful UV rays from entering the cabin.
T
TRIFIELD™ Meridian's exclusive Trifield technology, delivers a consistent, concert-like experience, optimised for all seating positions.
W
WINTER MODE By selecting Winter Mode, the system automatically dampens acceleration and applies more gradual torque for improved control in slippery conditions.

AT YOUR SERVICE

As well as providing a range of exclusive services and lifestyle products, the World of Jaguar makes owning and driving carefree and easy.

GENUINE PARTS

Jaguar Genuine Parts are designed, tested and manufactured to our uncompromising standards for quality, fit and durability. Each part is engineered specifically for your XJ to contribute to optimum performance and to help maximise its lifespan.

FLEET & BUSINESS

Jaguars are dynamic and distinctive cars that help companies express the unique character and personality of their business. We are committed to providing customer-focused aftersales services, ensuring that every Jaguar performs to the highest standard and in the most cost-efficient way for businesses. Visit jaguar.com/fleet-and-business for more information.

JAGUAR ASSISTANCE

Jaguar Assistance provides assistance in motoring emergencies, from immobilisation due to breakdown or accident to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, wherever you happen to be.

JAGUAR FINANCIAL SERVICES

New or used, for personal or business use, we have a finance option that puts you in complete control. Please speak to your local Jaguar Retailer to find out more.

INSURANCE

XJ's key components are easily accessible for time-efficient service and repair costs. With a focus on lower repair costs, XJ delivers competitive insurance group ratings. To find out more about the compelling business case for XJ, please contact your local Jaguar Retailer.

IMPORTANT NOTICE

Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. While every effort is made to produce up-to-date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Distributors and Retailers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation. Comparisons are based on manufacturer's own data and testing prior to publication.

COLOURS

The colours reproduced here are subject to the limitations of the printing process and may therefore vary slightly from the actual vehicle. The company reserves the right to alter or withdraw any colour finish without notice. Some of these colours may not be obtainable in your country. Please check availability of colours and current specifications with your Jaguar Retailer. Distributors and retailers are not agents of Jaguar Land Rover Limited and have absolutely no authority to bind Jaguar Land Rover Limited to any express or implied undertaking or representation.

ENVIRONMENTAL INNOVATION AT JAGUAR

Jaguar is committed to reducing dependency on fossil fuels, using fewer natural resources and creating less waste as part of our approach to responsible and sustainable business development.

Search 'Jaguar Environmental Innovation' for more details.
