

GIULIETTA

A HUMAN-CENTRIC CAR FOR THE PASSIONATE

The Giulietta is an Alfa Romeo car before anything else. Designed totally around the person, it puts the driver at the center, giving full command and control of information.

FUEL YOUR INSTINCT

The new Giulietta series 2. Power, energy and safety, ready to be unleashed on the road.
Agility. Cutting-edge McPherson front suspensions and Multilink rear suspensions, ideal for handling sharp corners with excellent grip, offering superior driving comfort.
Fun. Dual Pinion Active Steering for an exhilarating driving experience.
Flexibility. 6-speed manual or automatic transmission with the Alfa TCT double clutch, for more efficient and faster shifting, with a continuous torque output.
Technology and sportiness. Alfa™ DNA selector with three different dynamic vehicle responses according to the driving style and travelling conditions.

Overseas model shown

IT TAKES ONLY ONE GLANCE TO RECOGNIZE IT

A strong, unique, clear, precise style. The new Giulietta is the true embodiment of Alfa Romeo design and beauty. The new honeycomb grid grille gives the front of the car a sporty and aggressive feeling. The distinctive Alfa Romeo trilobe communicates strength, balance and harmony. The headlamps, with a carbon-look treatment (standard on Veloce Pack and Veloce), have an aggressive and glamorous edge. The unique and unmistakable rear lights - next to the new Giulietta logo - give it a modern, bold and sporty style.

DYNAMIC INTERIORS

ENERGY FROM WITHIN

Perfect ergonomics and Italian style: the interior of the new Giulietta is all about the driver. The beauty of sophisticated materials is all around. New brushed matt black inserts for the dashboard, door panels and center console. The ultimate in comfort and beauty, the seats come in fabric, or optional leather. In the Veloce, they are in leather and Alcantara®.

SMOOTH POWER

A cutting-edge range of Turbo-charged Petrol engines, combines maximum performance with reduced fuel consumption and respect for the environment.
